Jameson: For clarification, the reference to “Cinch” below without some clarification may not be sufficiently specific. For certain, it is Cinch Energy. On information and belief (all of which information is within your clients’ personal knowledge) it includes CES Group Holdings, LLC, Cinch Investment Holdings, LLC and others. Because she and the subpoenaed individuals are all employees of one or more of your clients, we intend the subpoena cover each and every entity that employs or utilizes the work and work product of the subpoenaed witness.
